DUTCH STAR

2017 Diesel Motor Coach
THE numbers DON’T LIE

For instance, the 2017 Dutch Star offers ten distinct floor plan options, including 4310, a new two-bunk, two-full bath layout with a full-wall slide. Dutch Star even lets you choose between two chassis – a Freightliner® or Spartan® tag axle – with zero price adjustment. So stop wishing, and start experiencing why Dutch Star has led the way forward for over 25 years.*

BLAZING A NEW trail

At Newmar, doing things differently is essential to doing them better. It’s why every 2017 Dutch Star is built atop the STAR Foundation, a modern steel superstructure engineered to improve chassis strength and durability. Together with Comfort Drive™ + Passive Steer technology, Dutch Star represents “the ultimate RV driving experience.”
Girard® G2000 power side awning with wind sensor and LED lighting – Prism Exterior

THE MILLER WAY

Industry-Leading Quality,
From Our Family to Yours

For the Miller family, RVs are what we build because RVing is what we love. To us, the RV lifestyle is more than our business — it’s our passion. Our customers choose Newmar time and time again because they trust in us, our products and our people.

I myself am proud to own a Dutch Star designed, assembled and backed by artisans, engineers and service specialists who represent the best our industry has to offer. Men and women who have spent an average of 13 years as members of the Newmar family. Without them, The Newmar Difference simply wouldn’t exist.
